EDUCATION

GLA University

Bachelor of Technology (B.Tech) in Computer Science

Mathura, U.P.

2024 – 2028

– CGPA: 7.85/10 (Current)

Skills

Languages: Java, JavaScript, Python, C, HTML5, CSS3

Core CS: Data Structures & Algorithms, Object-Oriented Programming, DBMS, OS, CN

Frontend: React.js, Tailwind CSS, Responsive Web Design

Backend: Node.js, Express.js, REST APIs, JWT Authentication,

Database & Tools: MongoDB, MySQL, PostgreSQL, Git, GitHub, VS Code

EXPERIENCE

Full Stack Development Intern

July 2026 – Present

CodroidHub

Remote

- Currently undergoing training in **Advanced MERN Stack** and **AI-Powered Full Stack Development**.
- Learning and implementing **MongoDB, Express.js, React.js, Node.js**, and **REST APIs** through hands-on projects.
- Building responsive full-stack web applications while following industry-standard development practices.
- Using **Git** and **GitHub** for version control and collaborative development.

Projects

House Price Prediction Web Application | *Python, Scikit-learn, Pandas, NumPy, Streamlit*

- **Developed** a **machine learning** web application to **predict house prices** based on user-provided property features.
- **Performed data preprocessing** and trained a **regression model** using **Scikit-learn**.
- **Built** an interactive **Streamlit** interface for **real-time price prediction**.
- **Deployed** the application on **Streamlit Cloud**, enabling users to access and test the model online.
- **Applied** data analysis and machine learning techniques to deliver accurate and responsive predictions.

AI Interview Preparation Platform | *React.js, Node.js, Express.js, MongoDB, JWT, Gemini API*

- **Developed** a full-stack AI-powered interview preparation platform for software engineering candidates.
- **Implemented** secure user authentication using **JWT** and role-based access control.
- **Integrated** the **Gemini API** to generate role-specific interview questions and personalized feedback.
- **Designed** RESTful APIs and MongoDB schemas to manage users, interview sessions, and progress tracking.
- **Built** an interactive dashboard to monitor interview history, performance, and learning progress.

Achievements

- **Competitive Programming:** Solved **500+ DSA problems** across coding platforms with a **maximum LeetCode Contest Rating of 1500**.
- **LeetCode Contest:** Achieved **Global Rank 2601** in **LeetCode Weekly Contest 509** among **35,000+ participants**.
- **Technical Events:** Participated in multiple college hackathons, collaborating to build software solutions under strict deadlines.

Certifications

- **Problem Solving (Intermediate)** – HackerRank
- **Problem Solving (Basic)** – HackerRank
- **SQL (Advanced)** – HackerRank
- **SQL (Intermediate)** – HackerRank
- **SQL (Basic)** – HackerRank
